Science

Next week we will be presenting simple machines projects! The projects can be brought into school any day from the 15th to the 18th. I look forward to seeing your children's work. Would you make sure your child brings in both the project and the 10-15 sentence report (creative compound machine) or sentences (simple machines playground)? Thanks for your support with this. —Mrs. Bakker

Bible

This week we are finishing projects on the book of Esther. Teams of students have been creating posters to help teach each chapter of the book. They will then be making a presentation to teach the rest of the class the story of Esther. Some students may need to work on their part of the project at home to make sure their group is ready to present when their chapter comes up.

Bible Memory

Memory work due
Thursday, November 18

For the law was given through Moses; grace and truth came through Jesus Christ. No one has ever seen God, but the one and only Son, who is himself God and is in closest relationship with the Father, has made him known.

John 1:17-18

John 1:1-18 is the entire chapter. Students will have until November 25 to recite the chapter to be graded for their report cards. Reminder: Memory work will be cumulative. Students will be asked to recite the previous verses along with the new ones.

Enrichment Memory Work; If your child would like to work towards a "4" grade in Bible memory, there is an additional Scripture passage available: Isaiah 53:2-9. If your child would like to undertake this challenge and would like a printout of the verses, please let me know.

We are collecting gently used, clean coats, hats, mittens, and boots in kid sizes. The need in Winnipeg continues to be great with financial strains and PE classes being held outside due to COVID. If you have an item to donate please send it to school in a plastic bag. There will be a collection bin in the hallway by the library for the entire month of November. Thanks so much!
